Supervisor Yaroslavsky made the following statement:

“The Santa Monica Mountains are an important and precious public resource. With its dramatic canyons, oak woodlands, open spaces and ocean views, Mulholland Highway offers travelers a chance to experience one of the most scenic routes in Los Angeles County. More than 15,000 people a week enjoy the views and historic sites along this 29-mile stretch from Calabasas to the Pacific Ocean, the idea for which was originally conceived by William Mulholland in 1913 as a scenic haven convenient to the people of metropolitan Los Angeles.

“The State Scenic Highway program protects and enhances California’s natural scenic beauty. The designation of Mulholland Highway as a County Scenic Highway within the State Scenic Highway program will showcase some of the most spectacular landscapes in the County. Adoption of the resolution before us today will demonstrate the County’s interest in protecting this valuable resource, and our commitment to protecting its unique scenic value for the public today and the generations to come.”

Therefore, on motion of Supervisor Yaroslavsky, seconded by Supervisor Antonovich, unanimously carried, the Board adopted the attached resolution seeking official scenic designation from Caltrans for the portion of Mulholland Highway from Old Topanga Canyon Road/Headwaters Corner to California State Route 1 (Pacific Coast Highway); and directed the Director of Planning to work with Caltrans to prepare the necessary materials to designate this portion of Mulholland Highway as a County Scenic Highway.
